

Interfaculty Graduate Program Biological and Biomedical Engineering Master's Thesis Submission

Initial e-Thesis Submission

Information on initial thesis submission can be found here: [Initial e-Thesis Process](#).

Thesis External Examiner

Information on thesis examination can be found here: <https://www.mcgill.ca/gps/thesis/thesis-guidelines/examination>.

Information on [selecting and nominating thesis examiners](#) can be found here:
<https://www.mcgill.ca/gps/thesis/thesis-guidelines/examination/thesis-examiners>.

Information for Thesis Supervisors

- By approving your student's initial thesis submission, you are indicating your approval of the contents of the student's thesis
- BBME Master's thesis supervisors are expected to identify (normally in consultation with the student) an external examiner for the thesis and to obtain their agreement before nominating them as an examiner using myThesis.
